## OUR SITUATION BEFORE (OPTION 2)

### BEFORE

### AFTER

### Previous Issues

---

Slow

Resource Issues

Not Realtime

High Administration

### Snowflake value

---

Fast

It Just works

Simple

## Snowflake Usage

We are currently rolling out snowflake into Myriad in a phased approach

- Real Time ODS – Data Lake
- Data Warehouse for Lab Data
- Data Warehouse for Shared Services
- Data Warehouse for Commercial

## CLOSING THOUGHTS

Snowflake makes being and Datawarehouse Engineer fun again

- It just works
- It's fast
- It's simple
