

WORK (AND PLAY) FROM HOME

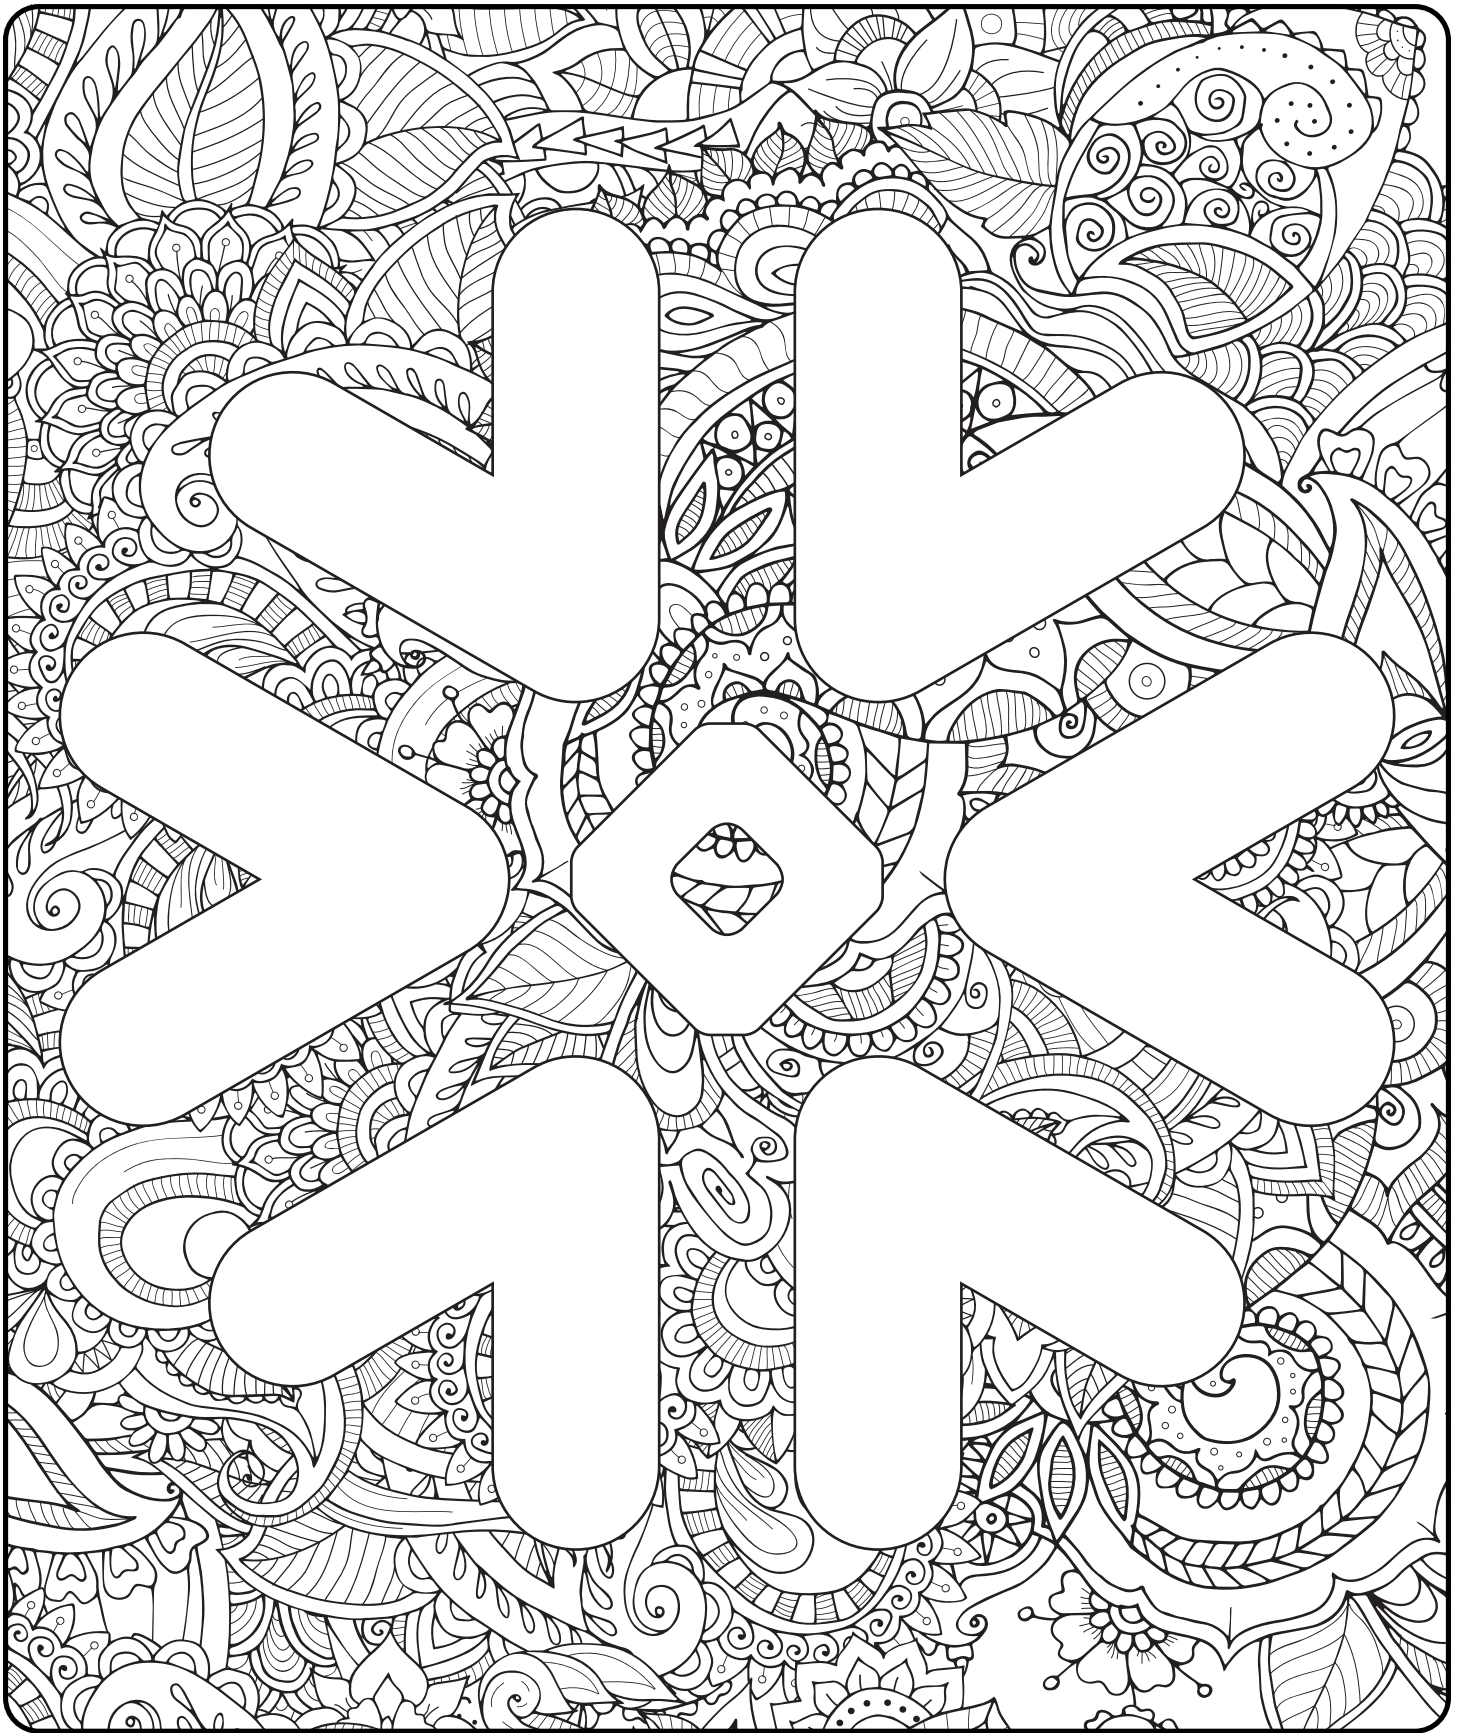

2nd Edition

Since we have to limit our time outdoors, we're helping you bring the fun indoors with a collection of Snowflake-approved activities for kids and kids-at-heart.

Share the fun! Post your or your kid's handiwork on Twitter, tag @SnowflakeDB and use hashtag #PolarBearSnowBook.

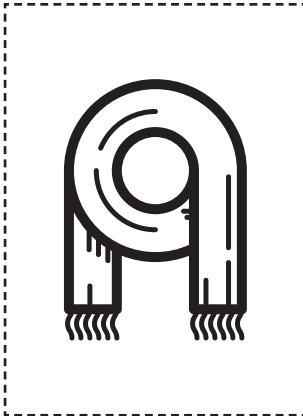

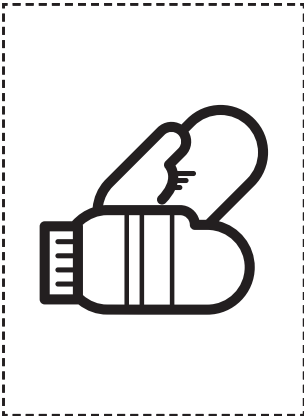

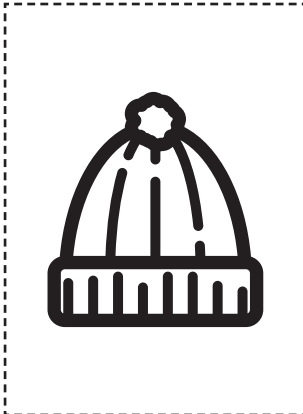

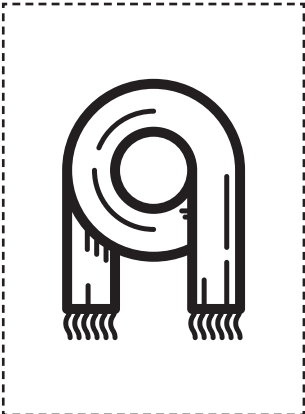

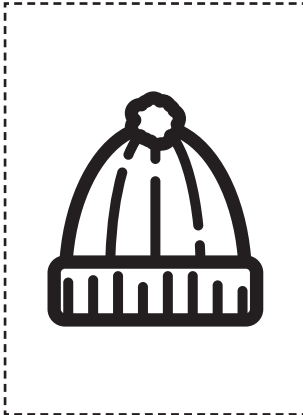

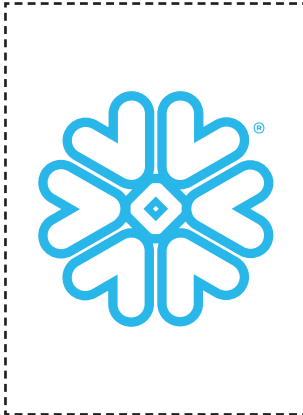

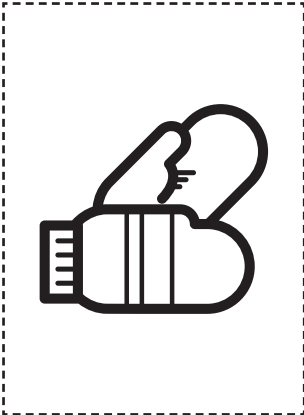

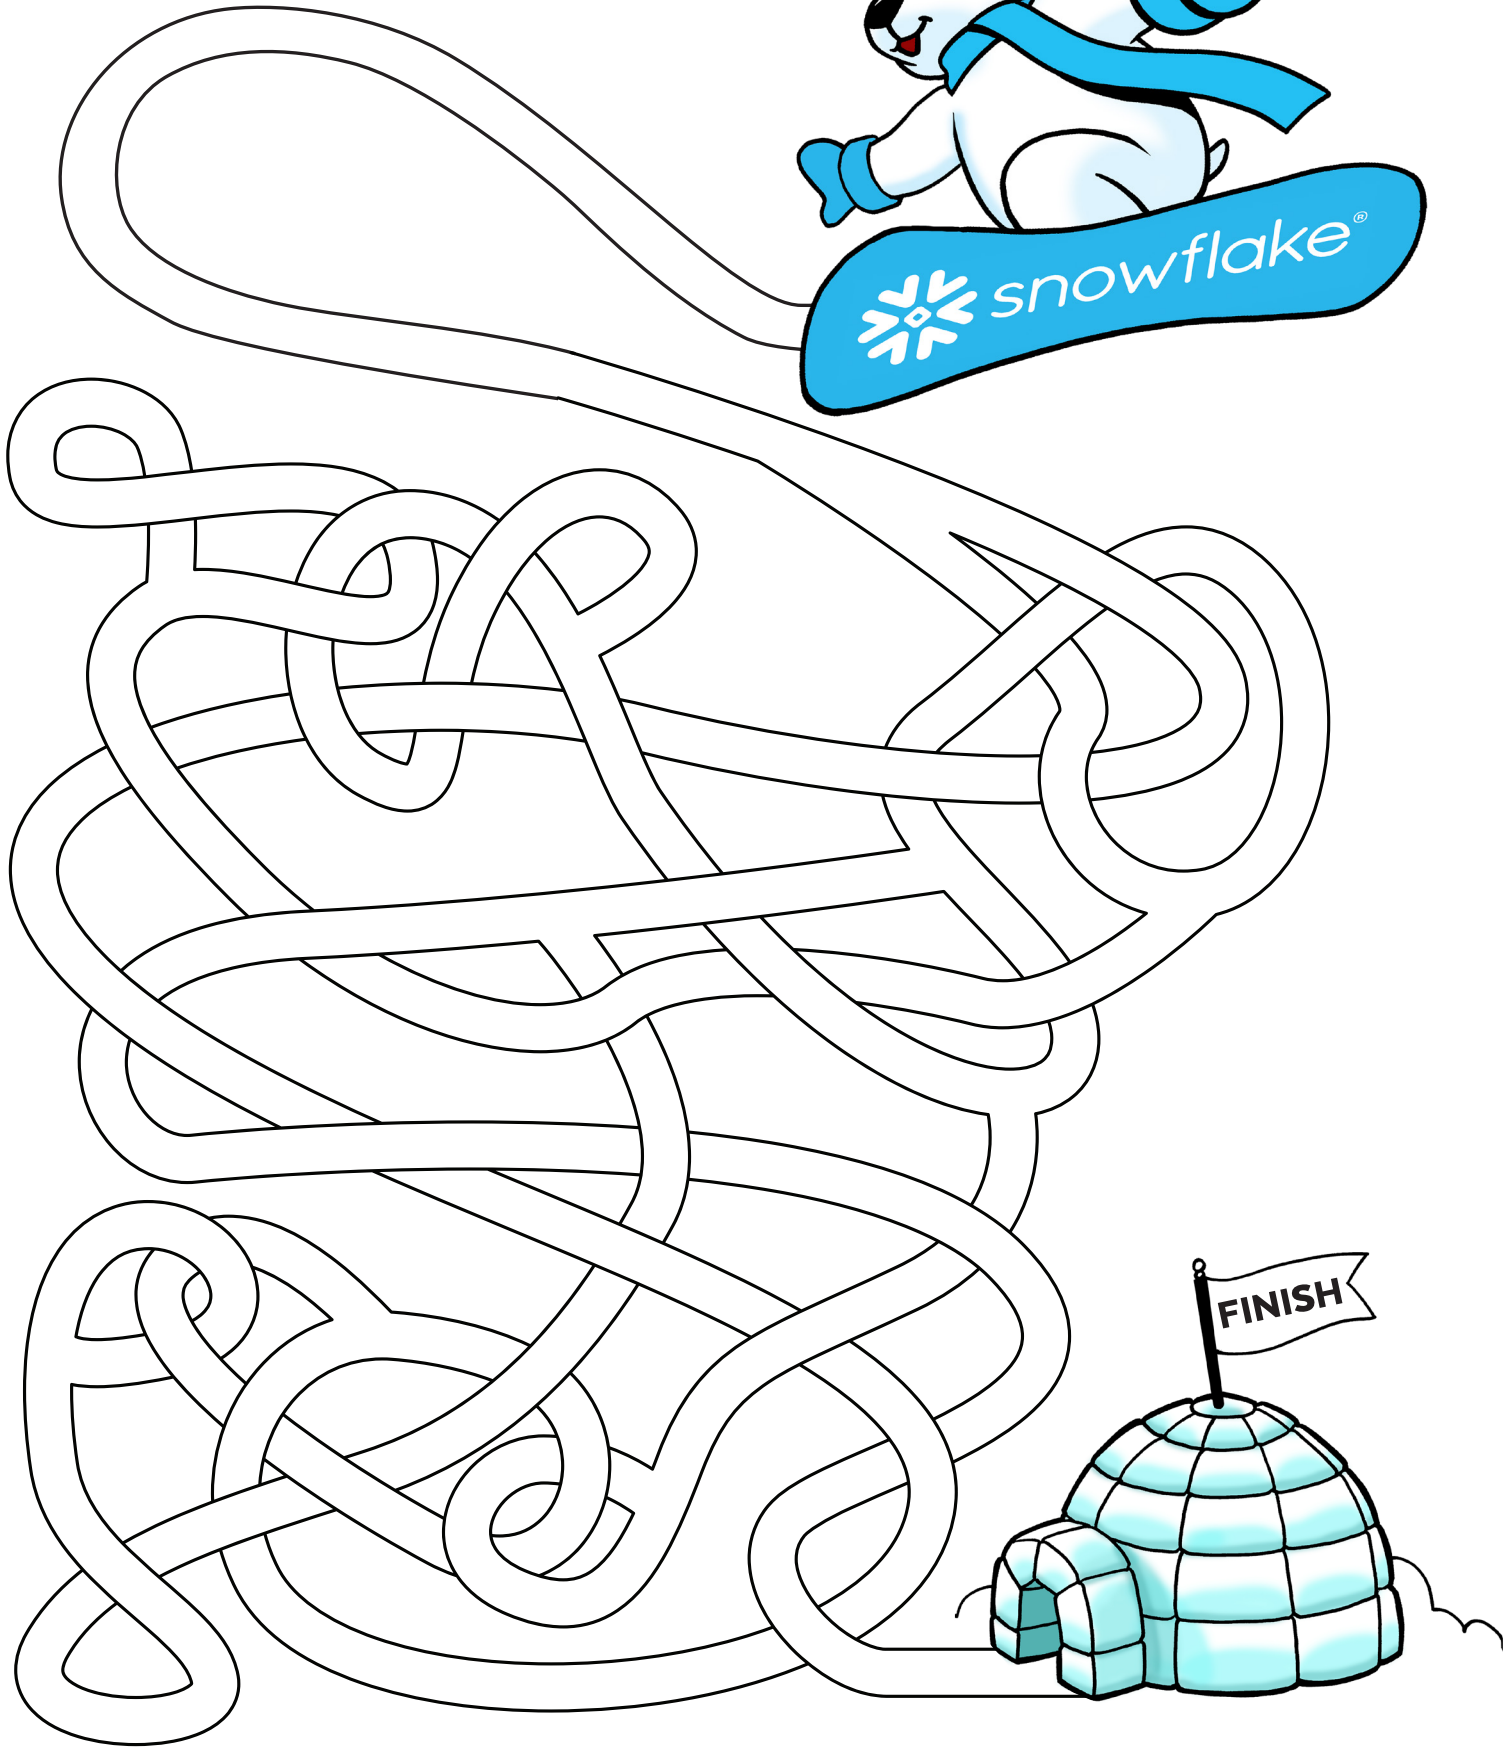

MIX & MATCH MEMORY GAME

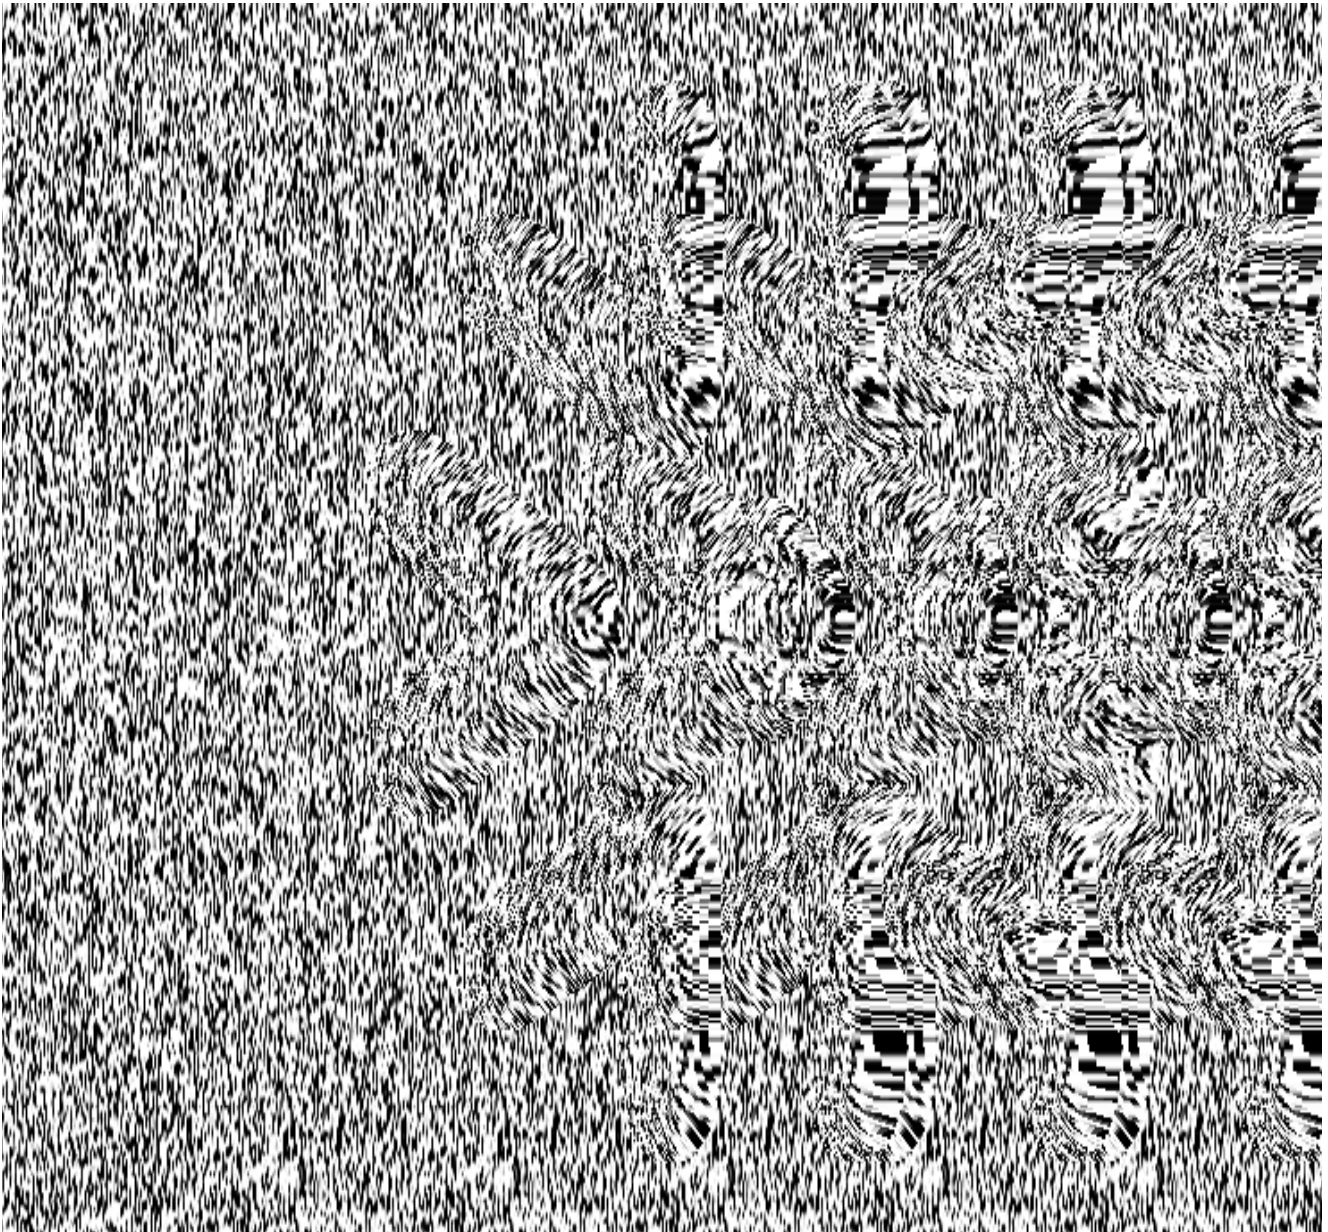

Color the pictures. Cut out each card. Then, arrange all cards (blank side up) and use your memory to find the matching pictures two at a time. Double points for finding the snowflake!

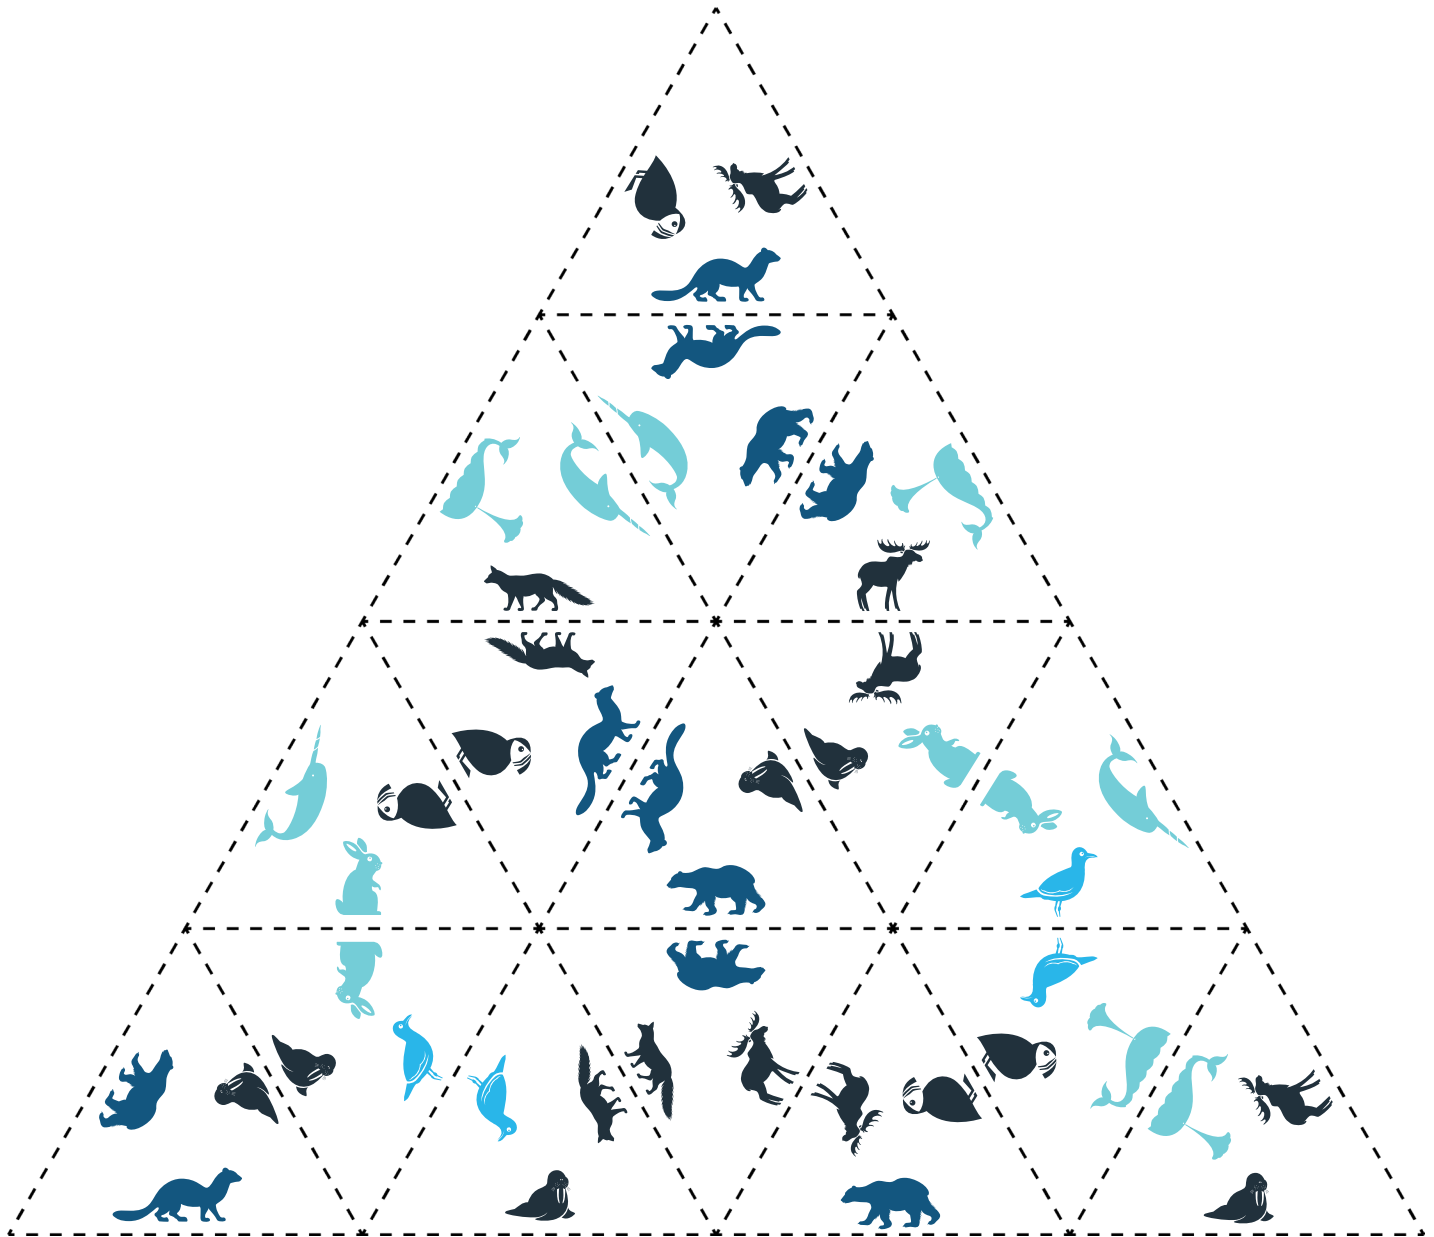

WHERE'S THE SNOWFLAKE

Hold the center of the printed image right up to your nose, or do the same with your screen. It should be blurry. Focus as though you are looking through the image into the distance. Very slowly move the image away from your face. The longer you look, the clearer the illusion becomes. The farther away you hold the page, the deeper it becomes. Good luck!

COMPLETE THE TRIANGLE

Cut out the triangles. Match the same animal on both sides of the triangle.
Keep going until you complete the pyramid. Good luck!

FIND MY FOOTPRINT

Draw a line to connect each animal to the track of footprints it makes.
