snowflake®

INTRODUCING THE GOVERNMENT & EDUCATION DATA CLOUD

AWS & Snowflake provide State of California with Insights to Combat Homelessness

Learn how AWS and Snowflake enabled California to centralize and collaborate on data from multiple sources to better track the homeless population, and to measure and analyze local and statewide efforts to address homelessness.

Amazon Web Services

Booz Allen Hamilton & Snowflake securely share governed data with stakeholders

Snowflake and Booz Allen Hamilton can easily load, transform, and securely share your data with the best in-class ETL and Data Governance solutions

Booz | Allen | Hamilton

snowflake®

Transforming university data management with Billigence, Snowflake & Collibra

A solution developed by industry experts that helps universities manage data securely, maintain privacy and accelerate insights for improved decision-making.

BILLIGENCE
Data In.Sight

snowflake®
CARTO & Snowflake unlock powerful spatial analytics
Access geospatial analysis, visualization, and spatial app development functionalities inside the Data Cloud.
CARTO

CGI & Snowflake streamline operations for child welfare services

When child support programs and infrastructure run smoothly, parents and caseworkers have more time to focus on what matters most.

snowflake®

Cloudian HyperStore: On-Premises Data Lake for Snowflake in Regulated Environments

Modernize public sector analytics while ensuring regulatory compliance with on-premises data storage

CLOUDIAN®

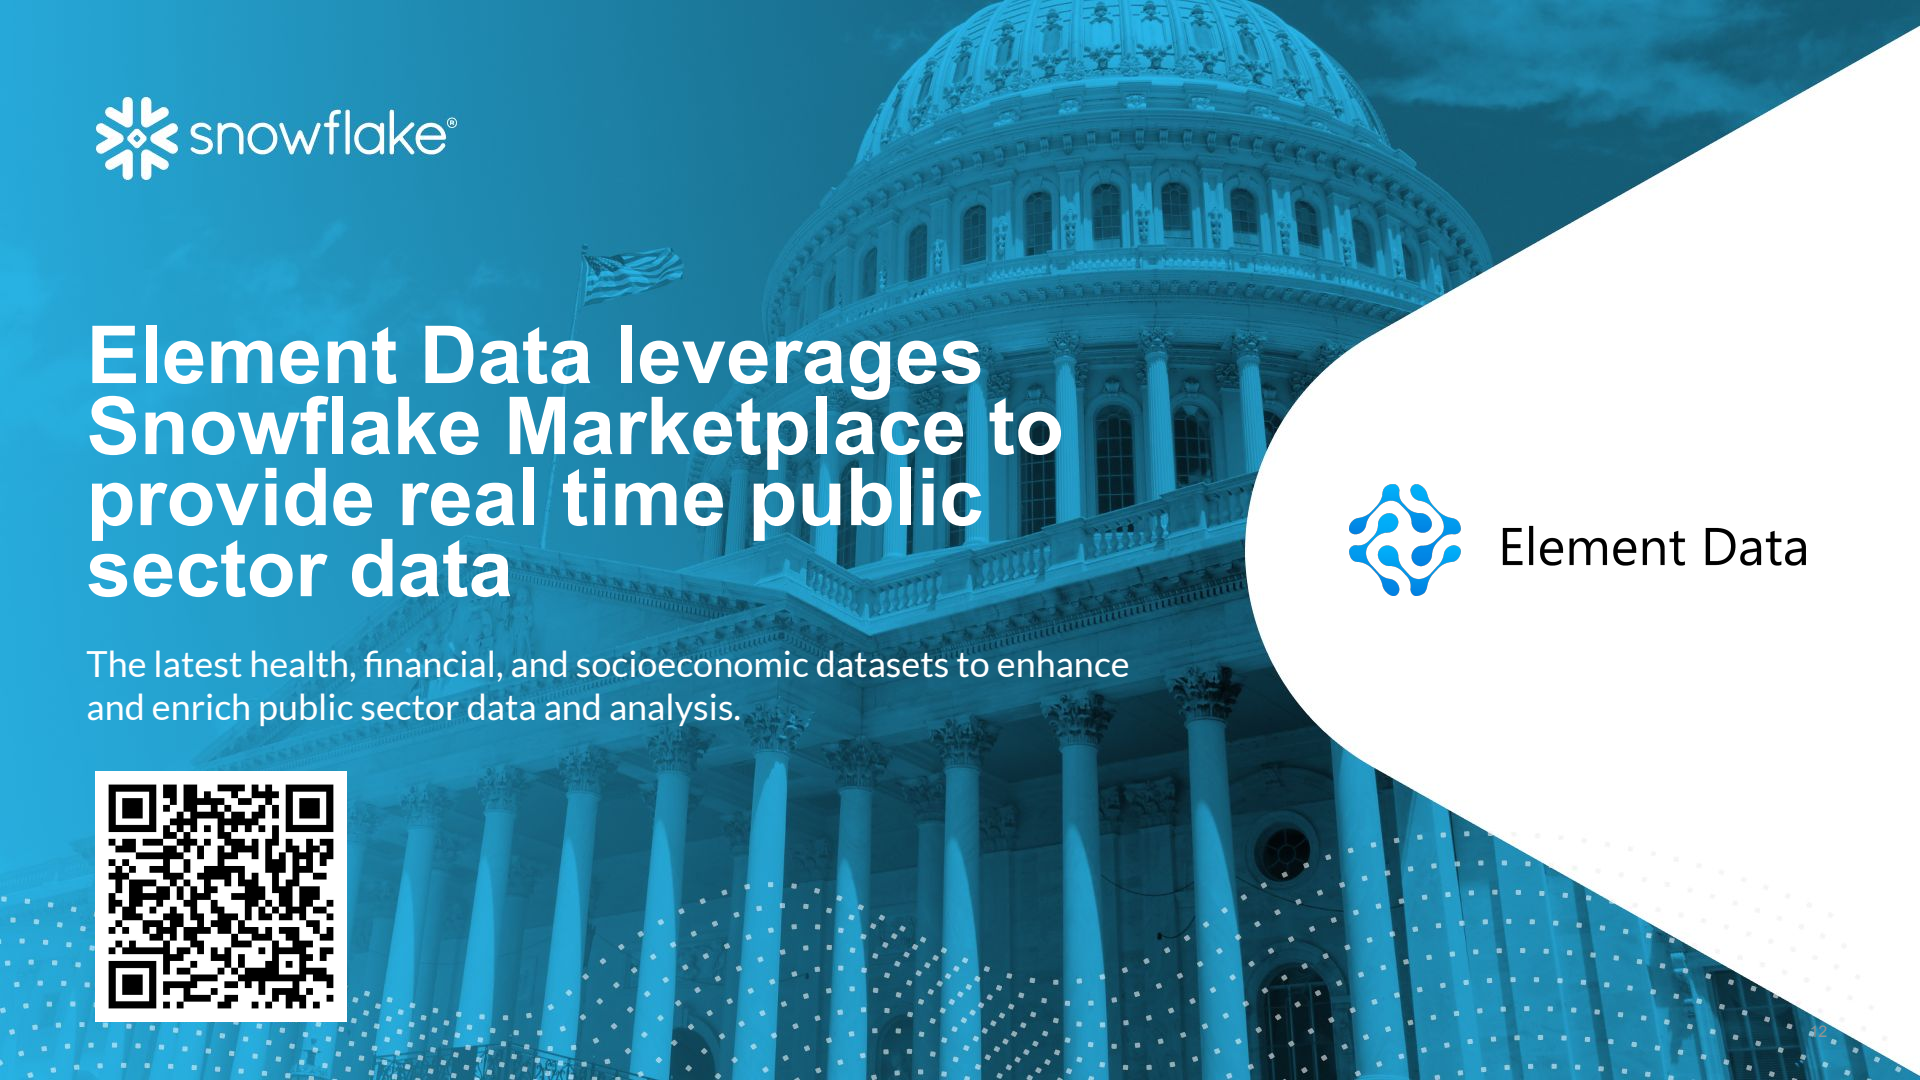
Cognosante & Snowflake solve complex health challenges

Securely share live patient/provider trend data across organizational boundaries.

snowflake®
Collibra & Snowflake deliver data intelligence for all
Improve mission outcomes with data that is easy to find, understand, trust and securely access
Collibra

snowflake®
Cybersyn & Snowflake enable data-driven economic decision-making for public sector
Cybersyn provides analytics-ready, economic data derivatives from public and proprietary datasets to drive the most informed public sector decisions.
cybersyn

snowflake®
Deloitte & Snowflake modernize apps for optimal mission outcomes
Federal, state, and local agencies can cost-effectively modernize their apps, regardless of underlying technologies.
Deloitte.



snowflake®

Element Data leverages Snowflake Marketplace to provide real time public sector data

The latest health, financial, and socioeconomic datasets to enhance and enrich public sector data and analysis.

Element Data

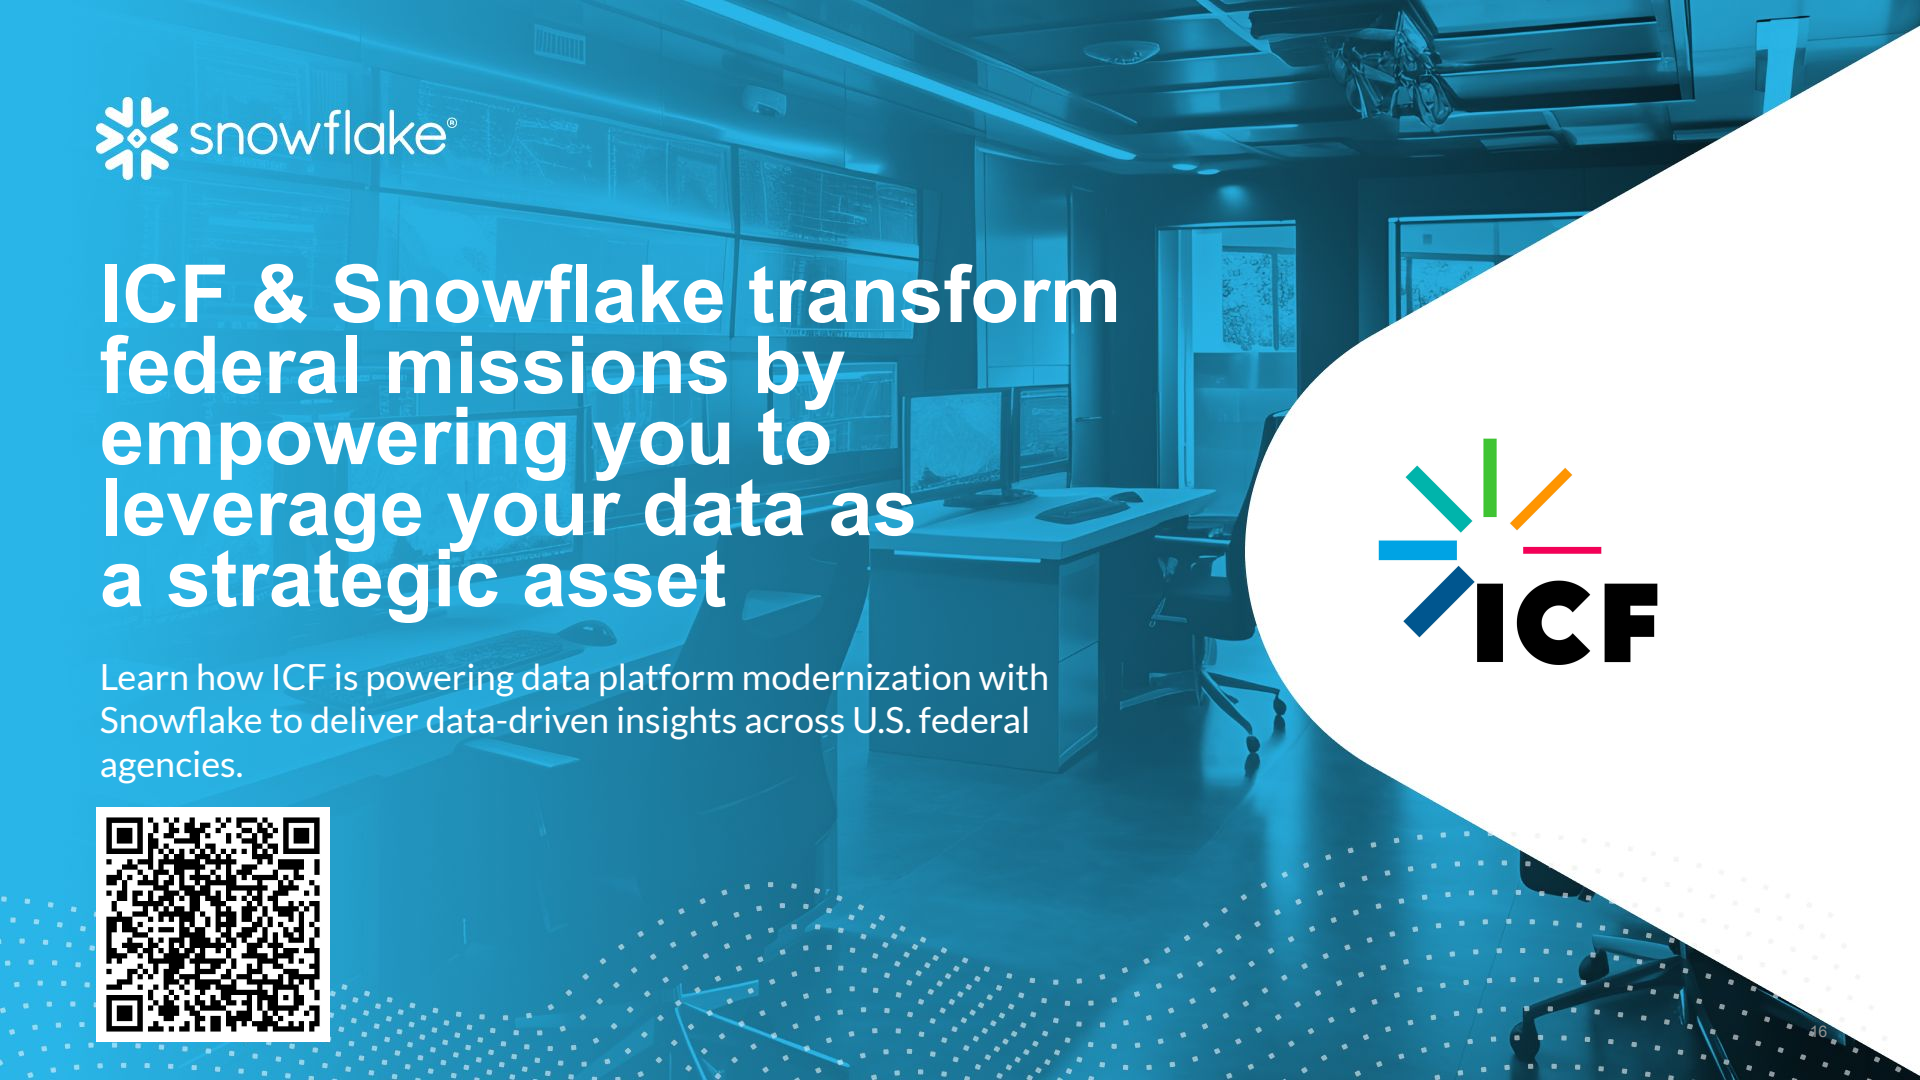
snowflake®
FactSet & Snowflake: Data-driven financial decision-making for public sector
Best understand global markets and regulatory and compliance with robust data, services, and apps available on Snowflake Marketplace.
FACTSET

GDIT and Snowflake: Migrating Petabyte Scale Data Platforms to the Cloud.

Federal agencies share live data without copying or moving it to detect healthcare fraud.

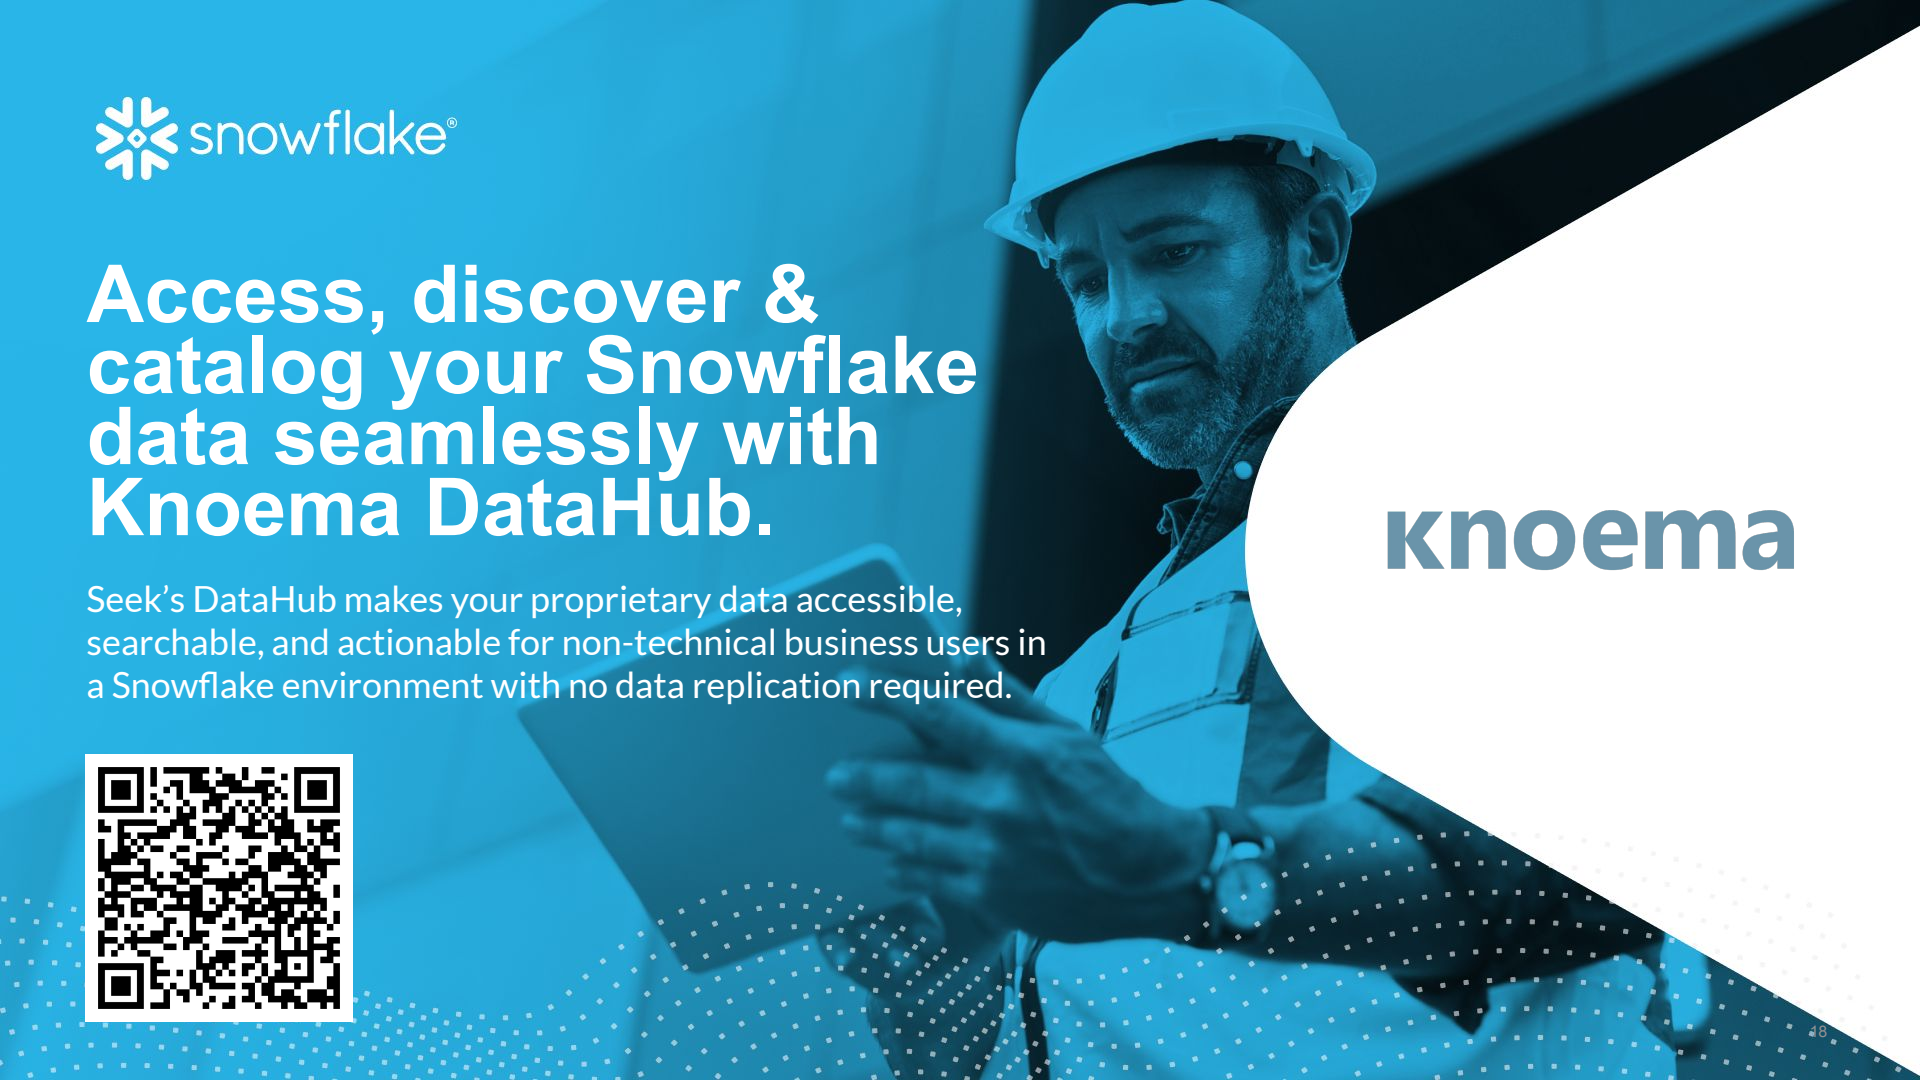
GovSpend datasets on Snowflake Marketplace deliver real-time insights

GovSpend data details purchase orders, bids, RFPs, and contact information for decision-makers.



snowflake®
ICF & Snowflake transform federal missions by empowering you to leverage your data as a strategic asset
Learn how ICF is powering data platform modernization with Snowflake to deliver data-driven insights across U.S. federal agencies.
ICF

snowflake®
Enabling public sector transparently secure data access
Learn how Immuta and Snowflake help public sector organizations easily discover, govern, and secure sensitive data.
IMMUTA™



snowflake®
Access, discover & catalog your Snowflake data seamlessly with Knoema DataHub.
Seek's DataHub makes your proprietary data accessible, searchable, and actionable for non-technical business users in a Snowflake environment with no data replication required.
knoema

snowflake®

Merit & Snowflake put data to work to change lives

Learn how Merit and Snowflake's Data Cloud powers more impactful government programs

MERIT

Morning Consult & Snowflake provide real-time insight into constituent sentiment

Learn how Morning Consult provides public sentiment data in near-real time via Snowflake Marketplace.

Plante Moran & Snowflake enable NYC Health + Hospitals to provide comprehensive care for homeless New Yorkers

Learn how Plante Moran, AWS, and Snowflake enable NYC Health + Hospitals to provide care for New Yorkers experiencing homelessness through a comprehensive data strategy.

K-12’s Platform for success powered by Snowflake

The first fully managed data as a service (DaaS) platform for K-12 brings actionable data to key stakeholders to optimize student success.

PowerSchool

snowflake®
SMX & Snowflake partner to help State and local government accelerate modernization
State and local governments maximize the potential for positive mission outcomes with SMX's secure and compliant full lifecycle adoption framework leveraging Snowflake's Data Cloud.
SMX™

snowflake®
S&P Global & Snowflake deliver data-driven insights to academic curriculum & research
