

CERTIFICATE OF REGISTRATION

Information Security Management System
 ISO/IEC 27001:2013

Snowflake, Inc.

A-LIGN Compliance and Security, Inc. certifies that the organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2013. The scope and boundaries of the ISMS is as follows:

Management of information security to protect all the assets in development, maintenance, and operations of the Snowflake Data Cloud and supporting processes. In addition, all features and services within the same authorization boundary as the Snowflake Data Cloud Service are applicable to this certification. This includes NativeApps, Streamlit, SPCS (Snowpark container services), Cortex and Samooaha.

The statement of applicability additionally includes control objectives from the ISO 27017:2015 & ISO 27018:2019 framework.

The Snowflake service is offered and available across multiple geographic regions globally. The scope mentioned for this certification applies to all locations listed on our Supported Cloud Regions page:
